Re: Five-Year Review of Reclamation Surety Estimate, Chemical Lime Company, Marblehead Mountain Mine, M/045/024, Tooele County, Utah

Dear Mr. Hedberg,

No mining or reclamation work has occurred at the Marblehead Mountain Quarry since 1990. Chemical Lime Company does not have any maps of the property, except for USGS topographic quadrangle maps.

We will most likely be obtaining an updated topographic map at the end of this year in conjunction with our Grantsville Quarry. This will serve as a base map should any mining or reclamation work occur in the future at Marblehead Mountain. When we have obtained that map, a copy will be sent to you for your records.

If you have any questions, please do not hesitate to contact me at (800) 365-6724.

Sincerely,

Dana Dean, P.E.
Mining Engineer

cc: Russel Curtis
